

Pauli Lectures 2017

Prof. Stefan W. Hell

Max Planck Institute for Biophysical Chemistry, Göttingen
Max Planck Institute for Medical Research, Heidelberg

Monday, 22 May 2017, 17:15 h

How I Got to Break the Diffraction Barrier of Optical Microscopy

Auditorium Maximum (HG F 30), ETH Zurich, Main building, Rämistrasse 101, Zurich

Tuesday, 23 May 2017, 17:15 h

Nanoscopy with Focused Light

Auditorium Maximum (HG F 30), ETH Zurich, Main building, Rämistrasse 101, Zurich

Wednesday, 24 May 2017, 15:30 h

Optical Nanoscopy: Concepts and Recent Advances

Lecture Room HCI G3, ETH Zurich, Hönggerberg, Vladimir-Prelog-Weg 1-5/10, Zurich

apero
after the
Monday Lecture
